SUMMER CLASS

Where Learning Begins with Joy

Nursery & Kindergarten

Primary

Secondary

OUR PROGRAMS

NURSERY & KINDERGARTEN

Imagination Station (Ages 2-4)

A world of wonder in every lesson. Through rotating bi-weekly themes, crafts, and games, we turn play into progress. This is the perfect environment for toddlers to build their first foundation of English vocabulary and social skills.

Fun with Phonics (Ages 3-8)

Cracking the code of reading. From Levels 1 to 5, we transform "sounding out" into fluent reading. Give your child the tools to become a proud, independent reader before the new term.

Little Chefs (Ages 3-8)

Who knew learning could taste this good? Your little ones will master English vocabulary and follow instructions in a real-world setting with our Native English teachers. It's hands-on learning that ends with a treat!

PRIMARY

Perfect Primary (P1-P6)

Weekly themes, lifetime skills. We tackle the "Big Three"—Grammar, Vocabulary, and Writing—using engaging weekly topics. It's the academic boost they need without the "boredom" of a traditional classroom.

Let's Talk Literature (P1-P3)

Where stories come to life. This isn't just reading; it's a conversation. Students dive into immersive stories and debate themes, building the verbal confidence and critical thinking skills that top students possess.

English Adventure (P3-P6)

An epic journey through the written word. We bridge the gap between "learning to read" and "reading to learn." This course strengthens comprehension, vocabulary, writing and grammar through exciting stories that keep older primary students hooked.

Ace the Interview (P5-P6)

Be the candidate they remember. Whether it's for Primary or Secondary entrance, we coach students on body language, poise, and persuasive speaking. Turn "interview nerves" into "interview success."

SECONDARY

Form 1 Booster (Pre S1)

Transition with total confidence. Don't let the jump to secondary school be a shock. We pre-teach the essential grammar and topics your child will face in Form 1, ensuring they walk through those new gates ahead of the curve.

DSE Skill Builder (S2 & Upwards)

Strategic, focused, and effective. It's never too early to start. We break down the complexities of the DSE, giving older students the specific techniques and linguistic precision required to hit those high-level marks.
